

Mosaic

Multicultural Connections

2023 Annual Report

Mosaic Multicultural Connections is a registered business name
of Northern Settlement Services Limited ACN 72 002 898 759

Acknowledgement of Peoples

MOSAIC MULTICULTURAL CONNECTIONS (Mosaic)

acknowledges that the people of New South Wales are of different linguistic, religious and ancestral backgrounds who are free to profess, practise and maintain their own linguistic, religious and ancestral heritage.

We are committed to complement and empower multicultural people and communities to contribute and belong in order to live their best life.

We recognise the linguistic and cultural assets of multicultural communities as a valuable resource and promote this resource to maximise the development of Mosaic and our wider Australian community.

We acknowledge our responsibility to ensure that our services are culturally competent, culturally safe and sensitive.

Acknowledgement of Country

MOSAIC MULTICULTURAL CONNECTIONS acknowledges

First Nations peoples, the traditional custodians and owners of the Lands on which we work and meet. We pay our respects to Elders past, present and emerging.

We acknowledge the spiritual, physical, emotional, mental and economic connections of Aboriginal and Torres Strait Islander people to the Land and Seas.

We acknowledge that the dispossession of Country and the disruption to family relationships have resulted in a breakdown of social networks. We acknowledge that sovereignty of the Land was never ceded. This was, is and always will be land of First Nations peoples.

Introducing Mosaic Multicultural Connections

ABOVE: Board members and staff at the official launch of Mosaic Multicultural Connections.

Northern Settlement Services Limited has assisted people from migrant, refugee and multicultural backgrounds, and multicultural communities across Newcastle and the Hunter, Lake Macquarie, Central Coast, New England and North West regions of NSW for more than 40 years.

Originally established as the Migrant Resource Centre of Newcastle and Hunter Districts in 1981, we changed our name to Northern Settlement Services Limited in 2007.

In April 2022 Northern Settlement Services Limited commenced trading under the new registered business name and brand of **Mosaic Multicultural Connections**.

We continue to provide programs, services and activities across Newcastle and the Hunter Region, Lake Macquarie, the Central Coast and up to Tamworth and Armidale in New England.

Mosaic provides care, support and services in the areas of settlement, families and young people, aged care, and community development.

Led by an experienced and professional board of directors, skilled management and passionate and committed staff, Mosaic is reaching more people and having a deeper impact in the lives of multicultural people and communities in the communities we serve.

Photos from our 40th Anniversary celebration and brand launch

From the Board Chair

THROUGHOUT THE HISTORY OF THIS ORGANISATION we have continued to provide support and serve multicultural communities across a range of programs.

Mosaic has a reputation of high standing and trust, both within the sector and government of all levels, for how we focus on supporting and enabling our communities to be independent.

This is only possible through the talent, commitment, compassion and hard work of all of the staff and volunteers of Mosaic, both those of long-standing service as well as those who have joined the organisation in the last 12 months.

Mosaic staff do this through connecting people and collaborating with communities, services and individuals.

Mosaic has always done this, and this approach is not going to change.

However, the multi- sectoral landscapes in which we deliver our services is changing and the pace of that change is picking up.

There has been a Royal Commission into Ageing with significant implications for the aged care sector.

Currently, Mosaic is preparing for a major application for the Settlement Engagement and Transition Support (SETS) grant program which is due early December.

There is an increased demand for accountability across our governance, operations and financial management which we cannot ignore.

Because we know about these strategic challenges, we have the opportunity to prepare.

The Board and senior executive team have reviewed policies, our constitution, been prudent with our finances and taken an evidence-based approach to our business strategy to ensure that Mosaic remains a healthy organisation able to continue what we do best.

Sandra Feltham
Board chair

The Board recognises the significant work and ongoing effort that the executive team have put into supporting an organisational restructuring necessary to position ourselves for the future.

The Board is grateful that funding bodies continue to provide significant ongoing grant support for our work.

I would like to take the opportunity to thank every Board member for their support, dedication, and valued contribution.

On behalf of the Board, I would like to thank all of Mosaic's staff and volunteers for your ongoing faith, commitment and passion in what Mosaic does now and in the future.

And after another challenging year adapting to life after COVID-19, we continue to safely deliver programs that support migrant and refugee settlement.

SANDRA FELTHAM
Chair

From the Chief Executive Officer

MOSAIC'S MISSION, our 'soulful purpose', is to support and inspire culturally diverse people and communities to overcome barriers and thrive. As I reflect on the past year, I notice how agile we have become in doing more towards our mission, with less resources.

As an organisation, we too must overcome barriers to achieve our mission. Funding is limited and costs are increasing. More of our time and money must be invested in achieving accountability and compliance standards. To achieve our mission, we must learn to work effectively in this environment.

One of the ways we do this is to partner extensively. Mosaic's settlement team chair, run or attend multicultural interagency groups across our four locations to share information, identify issues and collaborate on solutions.

Mosaic and GyMEA Community Aid and Information Service commencing partnering during the year to deliver a driver training program in Newcastle achieving 992 driving hours, 66 learners permits and 34 licences. Being able to drive overcomes a key barrier to independence in regional areas where public transport is limited.

Mosaic and the Rotary Club of Armidale continued to partner to deliver the Regional Employment and Agriculture (REAP) program. REAP supports members of the Ezidi community and others to strengthen social connections, gain experience and obtain various accreditations to overcome barriers to workplace participation.

Sharon Daishe
Chief executive officer

In February, Mosaic secured funding for REAP until June 2025 under the Workforce Australia Local Jobs National Priority Fund. The goal of this program is to build independence, so funding is no longer required.

Independence is the goal of all settlement programs, and Mosaic has secured funding to deliver a program in 2023-24 to equip CALD women with the knowledge and skills to recognise domestic, sexual and family violence, know and share their rights, and support victim-survivors in their community.

Mosaic began life over 40 years ago as a migrant resource centre working mainly with newcomers from European countries. As these newcomers became older Australians, Mosaic expanded to provide a suite of culturally sensitive aging-in-home programs.

Since 2016, Mosaic's aged-care programs have expanded and in the past year over 80 clients received Home Care Package services from Mosaic with hundreds more enjoying culturally appropriate flexible respite and other home support programs. Mosaic is contracted to deliver over 30,000 hours of home support.

From the chief executive officer... continued

Mosaic's volunteer visitors provide friendship and relief from isolation for older people, often in their own language and culture. Mosaic successfully applied for funding through the Aged Care Volunteer Visitors Scheme to continue providing this much needed support in Newcastle and the Central Coast to July 2025.

The impact of COVID-19 along with the national shortage of aged care workers created barriers to service delivery in aged care across Australia. Regional areas, smaller providers, and niche providers like Mosaic have been particularly affected.

Mosaic has responded to these challenges by developing a strategy to transform the way we provide culturally responsive aged-care. The board and management reviewed our service model and agreed to implement significant changes early in 2023-24.

Mosaic's goal is to ensure older people receive a consistent experience of care from us, and we meet or exceed the higher quality standards recommended by the Royal Commission Review into Aged Care.

SHARON DAISHE

Chief Executive Officer

Mosaic Settlement and Communities

THE SETTLEMENT AND COMMUNITIES team delivered 17 programs from 15 funding sources for people from migrant and refugee backgrounds.

Our team of 27 people have worked tirelessly throughout the year providing information, advice and referral, advocacy, casework, community education, group work, volunteer support, youth activities and more.

Settlement support

The Settlement Engagement and Transition Support (SETS) program is funded by the Department of Home Affairs.

As a member of the NSW Settlement Partnership (NSP) led by Settlement Services International, Mosaic receives funding to provide settlement support for newly arrived migrants and refugees in Newcastle and the Hunter, Lake Macquarie and central Coast, and Tamworth and Armidale.

We support people to build their knowledge and ability to find, access and use other community services and become independent.

ABOVE: A happy Ezidi man has completed his basic tractor and machinery course at TAFE.

Through 2022-2023 our Settlement and Communities team were able to deliver assistance and support to 244 SETS clients 4,880 individual sessions and made 1,037 referrals to other services.

ABOVE: Mosaic staff and guests celebrate Harmony Week with food from around the world.

Settlement and communities ... continued

The people we support came from more than 30 different CALD backgrounds, with most coming from Afghanistan, Ukraine, Iraq, Syria, the Congo and Tibet.

Healthy relationships

This year we have provided sensitive and responsive support to 94 people who have or are experiencing domestic and family violence (DFV) and distributed more than 250 brochures providing information about support services for women experiencing DFV.

Cultural connections

More than 30 women joined Mosaic's monthly Arabic women's group; more than 10 women joined the weekly Ezidi women's group; 10 joined the monthly African parent's group; 13 in a new group for Afghan men; and another 10 women joined the Multicultural Women's Group on the Central Coast.

These groups provide a stable safe space where key information about healthy relationships, growth, information and peer support and resources are distributed. These groups also provide social connection for vulnerable women.

Mosaic was successful in securing funding from DCJ to deliver a DFV community education project into Armidale where migrant women are often isolated and potentially vulnerable.

We also work with men through community education, and support behaviour change in those who have used violence in their family relationships.

Community capacity building

Community capacity building is always at the core of our work. Mosaic staff have worked with over 130 active community members and community leaders, building their capacity to respond to challenges, develop their own

community networks and supports, in order to help their communities and people thrive.

Mosaic has consulted with community members from Russia, Ukraine, Pakistan, India, Sri Lanka, China, Hong Kong, Indonesia, Thailand, Taiwan, Japan, Chile, Uruguay, Argentina, Peru, Colombia, Mexico, Panama, Paraguay, Brazil, USA, Spain, France, Italy, England, Poland, Fiji, South Africa, Iran, Iraq, Egypt, Philippines, Pacific Islander, Nepal, Korea, South Africa, Kenya, and Germany.

ABOVE: Ezidi women come together to practice their English, learn about resources and supports available in Armidale, and provide support to each other.

Settlement and communities ... continued

Through 2022-23 we have delivered

- First aid courses for parents and grandparents
- Adult swimming lessons
- Preparing for natural disasters workshop
- Joining community garden
- Multicultural cooking classes.

Communities for Children

Playing Around the World and Talking Around the World playgroups continued to grow in Wyong, Blue Haven, The Entrance and Mardi.

It has been exciting to see the "New Mums" Group provide a valuable and safe place for new mums to share their own rich cultural parenting practices with others.

The group helps to break down social isolation especially for those who have limited family and friends around them in Australia.

REAP Armidale

The Regional Employment Agricultural Project (REAP) in Armidale continues to grow in partnership with The Rotary Club of Armidale, and Mosaic was able to secure 3 years of

ABOVE: Children celebrate Harmony Day at a local Central Coast school as part of Mosaic's communities for children program.

funding to support REAP from the Department of Education, Skills and Employment [now the Department of Employment and Workplace Relations] under the Local Jobs Program National Priority Fund.

Mosaic's collaboration with the Rotary Club of Armidale and the Ezidi community has borne fruit. For three years Mosaic ran a pilot project to demonstrate that the approach would work. This funding will enable the REAP program to expand and deliver strong outcomes for the Ezidi and for Armidale.

REAP participants are drawn from the local Ezidi community to grow food on farm land provided by local farmers. The Ezidi can then sell their produce at local farmers markets and stalls or to local Ezidi run cafés and restaurants.

This year 9 new participants have completed their initial assessments, work health and safety training, and Certificate III in English, and have visited local tomato growers to gain a broader understanding of larger scale agriculture.

ABOVE: Certificates of Completion were presented to seven Ezidi men by the Hon Adam Marshall MP.

Settlement and communities ... continued

Four participants completed the Provide First Aid course through TAFE (together with Mosaic staff and Rotary members), and the basic tractor and machinery courses.

These courses are run in partnership with local Job Active providers and Adult Migrant English Program tutors.

Employment mentoring & business skills

Mosaic has been able to deliver a series of small business workshops to develop skills and confidence for migrant and refugee background people in partnership with TAFE, local Job Active providers, and other partners. This year

- Food safety supervisor courses and WHS white card delivered to 64 Afghan and Arabic speaking women

- Two employment skills workshops (with Verto) and 3 small business workshops (with futureentrepreneurs) were delivered to 41 participants
- One Women in non-traditional trades course delivered (with Zara's House and Newcastle University) to 29 participants

Three bilingual support workers were engaged to support participants..

Mosaic's employment and mentoring skills program culminated in the Multicultural Jobs and Skills Forum Greater Newcastle (pictured below) which drew 49 representatives from

- Mosaic Multicultural Connections
- Department of Employment and Workplace Relations
- DEWR Local Jobs Program facilitators
- Joblink Plus

ABOVE: The Multicultural Action Group for Greater Newcastle hosted a Multicultural Jobs and Skills Forum brought together almost 50 participants to plan employment initiatives.

Settlement and communities ... continued

- Verto Workforce Australia
- Employment Plus
- Services Australia
- TAFE NSW
- Settlement Services International
- City of Newcastle
- Lake Macquarie City Council
- Hunter Community Legal Centre
- Carers NSW
- Atwea College
- Transformational Institute
- Australian Retailers Association
- Engineers Australia
- Wesley Mission
- The Business Centre
- Thrive Refugee Enterprises
- The Finer Line, Hunter

ABOVE: Ezidi sell harvest produce at a local farmers market.

- 25 young people visited Mingaletta Community Centre to talk with First Nations representatives.

Other activities

Mosaic workers delivered community engagement and information sessions for the **Refugee Cancer Information Project** with the NSW Cancer Institute to provide community education around cancer screening for CALD communities.

And we continue to run our impactful **Homework and Learning Centres** in partnership with Jesmond Primary School, Heaton Primary School, and Waratah Technology Campus in Newcastle, and Drummond Primary School in Armidale.

Every term, our homework tutors provide a student progress report. A recent report gives an insight into the impact of our volunteers on these young lives:

It was a pleasure to meet M and engage in schoolwork with him. M has participated in every session.

Northern Youth Exchange – COMPACT

Mosaic's Northern Multicultural Youth Exchange program works with multicultural youth to build engagement, relationships, mutual understanding and respect with young people from regional communities including Aboriginal and Torres Strait Islanders.

Over this past year:

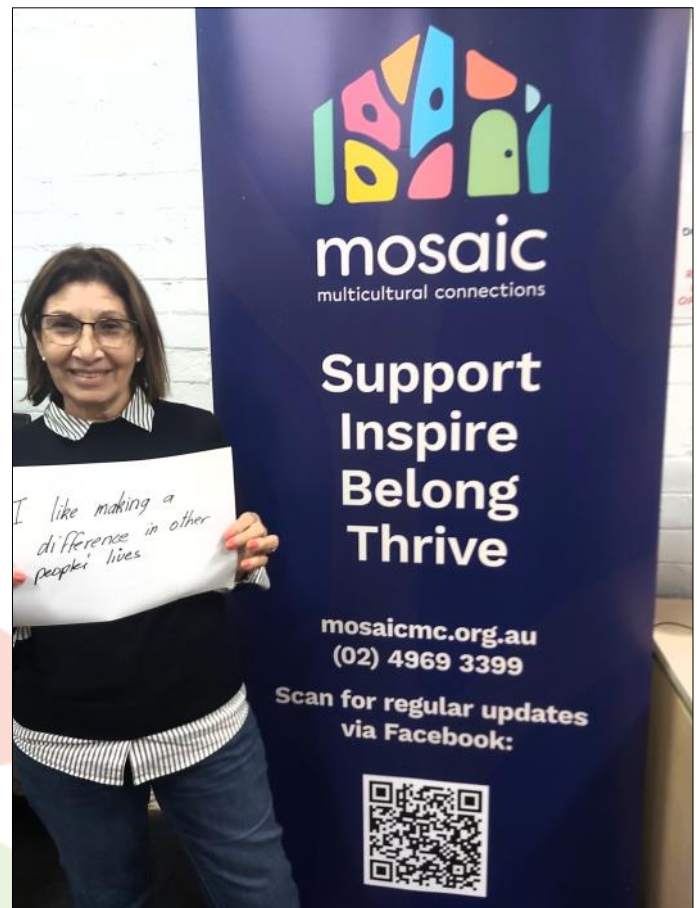

- 25 young people attend weekly after school activities implemented in partnership with STARTTS
- 64 young people have participated in 4 COMPACT youth exchange trips
- 13 young people joined in 2 sports activities with other mainstream youth and supported by PCYC.

Settlement and communities ... continued

He can be friendly and engaged, but is sometimes tired, distracted or withdrawn during the sessions. He seems to still be in the early phase of connecting with friends and peers and his academic program.

The more that M engages and learns, the more confident and capable he will become at school and also in his daily tasks and life in Australia.

Our Mosaic volunteers have assisted student groups from Syrian, Kurdish, Iraqi, Afghan, Congolese and Ezidi refugee backgrounds.

Celebrating International Women's Day

Mosaic was privileged to be nominated by Ali Kimmorley of People Fusion as one of two charities to benefit from the International Women's Day (IWD) fundraiser event at Newcastle Racecourse on Friday 03 March 2023.

Mosaic settlement worker, Alyaa Al Attabi, and board director, Rozyta Englert, spoke to a sellout crowd of 380 about the challenges and isolation they experienced when they arrived in Australia with no support network to help them settle in their new home.

With this lived experience, Alyaa is passionate about her work in Mosaic's settlement programs including providing support through Mosaic's Arabic Speaking Women's Group.

The IWD event raised over \$46,000 to be shared between Mosaic's women's programs and EquiEnergy Youth (EEY), who work to enhance community connections to improve youth mental wellbeing. We can see great opportunities to partner with EEY.

Mosaic Multicultural Families Team

MOSAIC'S MULTICULTURAL FAMILIES TEAM provides specialist support for families with children up to 18 years. The team offers programs, support and activities to help parents and families from culturally and linguistically diverse backgrounds (CALD) raise happy and healthy families. This year we have supported 157 clients.

Women's support groups

Our women's support groups in Warners Bay and Hamilton are a great way for women to meet up, share with others and discover more about parenting in a supportive environment. They are also a great way to build a parent's social network.

Support for parents expecting or caring for a new baby

Our qualified and experienced team can visit new parents in their home to support them and ensure they are connected to health and other government services and community agencies. Our team can link and refer families to other service providers to address their specific needs.

Great parents raising great kids

Our qualified and experienced team deliver evidence-based programs such as Bringing Up Great Kids so that mums and dads can learn more about raising great kids, and Circle of Security which helps parents understand how to respond to their children's emotional needs.

The Multicultural Families program is funded by the NSW Department of Communities and Justice (DCJ) through the Targeted Earlier Intervention program.

BELOW: The Multicultural Families team of Pet, Miza, Juanita and Elena celebrate more than 100 years of combined experience in supporting multicultural families adapt and grow in Australia.

Mosaic Aged Care Programs

MOSAIC'S AGED CARE TEAM provides programs, services and support to Australians over the age of 65 years (or over 55 if you identify as Aboriginal or Torres Strait Islander), with a focus on clients from a culturally and linguistically diverse background.

At 30 June 2023 we were providing care and support to 84 home care clients, had delivered over 5,100 hours of respite care to more than 80 clients, and 5,245 hours of social support to 155 clients.

Overall, our team provides care, support and assistance through case management, service delivery, clinical and nursing services, and education to older persons who are our clients.

We aim to keep individuals connected to their communities. We assist them to participate in activities that are important to them and promote and facilitate their independence, and offering support where and when needed.

Mosaic Aged Care Services works through the following programs:

- Home Care Packages (HCP)
- Flexible Respite under the Commonwealth Home Support Program (CHSP).
- Individual Social support under the Commonwealth Home Support Program (CHSP).
- The Aged Care Volunteer Visitors Scheme (formerly Community Visitors Scheme).

Our Home Care Package Program

Home Care Packages provide personal services in the comfort of your own home. We can assist you to stay living in your home to continue doing all the things you want to do. With the right services and support we can assist you to remain as independent as possible.

We can assist you with care and support services such as personal care, showering and grooming, continence management, cleaning and household tasks, grocery shopping, washing and ironing, social support, transport to appointments and social events and in-home respite.

Through our nursing care and specialised support services we can arrange for a Registered Nurse to visit you in your home to provide clinical care to assist you to monitor your blood pressure, manage your diabetes, manage your medication and to dress and care for any wounds.

ABOVE: In 2022-23 the aged care community visitors scheme (CVS) celebrated 30 years of providing support and companionship to older Australians. Here, Jon Chin (past chair of Mosaic) and Kathy K (one of our CVS coordinators) are pictured with one of our CVS recipients.

ABOVE: Mosaic's Chinese social support group were very happy to meet together again after COVID-19 restrictions lifted. Happy faces without masks!

We can also arrange visits by occupational therapists, physiotherapists, exercise physiologists, and podiatrists.

Individual Social Support

Our dedicated staff or volunteers can assist you to remain socially connected to your community by accompanying you to activities such as taking you to pay your bills, attending appointments, attending social events and activities with family and friends, assisting you with telephone and technologies to stay connected with your community and by visiting you at home for social connections, conversations and catch ups. We offer language-specific services to enhance cultural connections.

Flexible Respite

Our flexible respite program allows you to receive care in your own home to allow your carer to take a break from their caring role knowing that the person that they care for is being well looked after by a trusted member of our care team.

Community Visitors Scheme

For those clients who are receiving a home care package or a resident in an aged care facility, the program matches volunteers to the client so that they can spend some quality social time together and develop companionship, friendships, and interests.

Eligibility

You may be eligible for support from our Aged Care team if you:

- are over 65 and need coordinated services to help you to stay in your home (or over 55 if you identify as Aboriginal or Torres Strait Islander)
- need assistance to complete everyday tasks
- from a culturally and linguistically diverse background
- register with My Aged Care first (www.myagedcare.gov.au)

For more information and to understand if you are eligible for our aged care services, please call our aged care coordinators on 1800 813 205 or 4969 3399.

Recognising our valued staff @ 30 June 2023

Acknowledging our funders and supporters

Mosaic Multicultural Connections gratefully acknowledges funding received from these government agencies:

The Settlement Engagement and Transition Support program is funded by the Australian Government Department of Home Affairs under the NSW Settlement Partnership in collaboration with Settlement Services International (SSI). Visit [Settlement Transition in Australia](#) for more information.

Home Care Packages, the Commonwealth Home Support Program and the **Community Visitors Scheme** are funded by the Australian Government Department of Health and Aged Care. To learn more go to [Home Care Packages](#) and [CHSP Support at Home](#) and [Community Visitors Scheme](#).

Services and activities delivered by the Mosaic multicultural families team and the Central Coast multicultural community development program are funded by the NSW Department of Communities and Justice (DCJ). To learn more go to [Targeted Earlier Intervention Programs](#).

Playing Around the World and **Parents Around the World** programs in Wyong are funded by Benevolent Society, as the Facilitating Partner of the Wyong Communities for Children program. Communities for Children is funded by the Federal Department of Social Services. To learn more go to: [Communities for Children \(DSS\)](#).

The **Multicultural Youth Exchange** project is funded by the NSW Government through the COMPACT program and Multicultural NSW (DCJ). To learn more go to: [The COMPACT Story | COMPACT | Multicultural NSW](#).

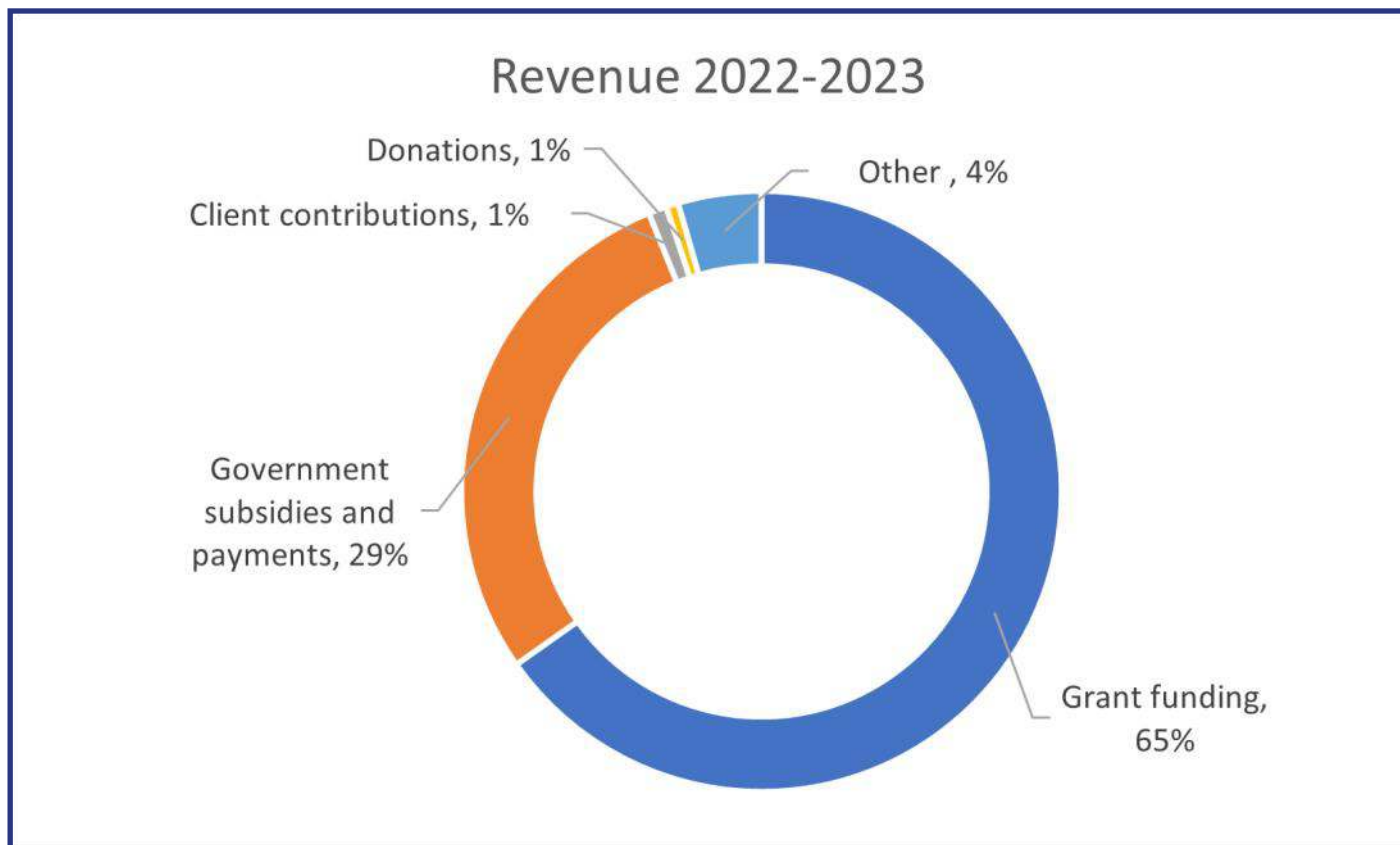

The **Regional Employment Agriculture Program (REAP)** is funded by the Department of Education, Skills and Employment [now the Department of Employment and Workplace Relations] through the Local Jobs Program National Priority Fund. To learn more go to: [National Priority Fund - Department of Employment and Workplace Relations \(dewr.gov.au\)](#)

A range of other funding and donation sources support short term projects run by our teams, including the City of Newcastle, Central Coast Council, Wests Group, P&G Purpose and Belmont Uniting Church. Our activities are enhanced through the generous in-kind support of many partner organisations and volunteers.

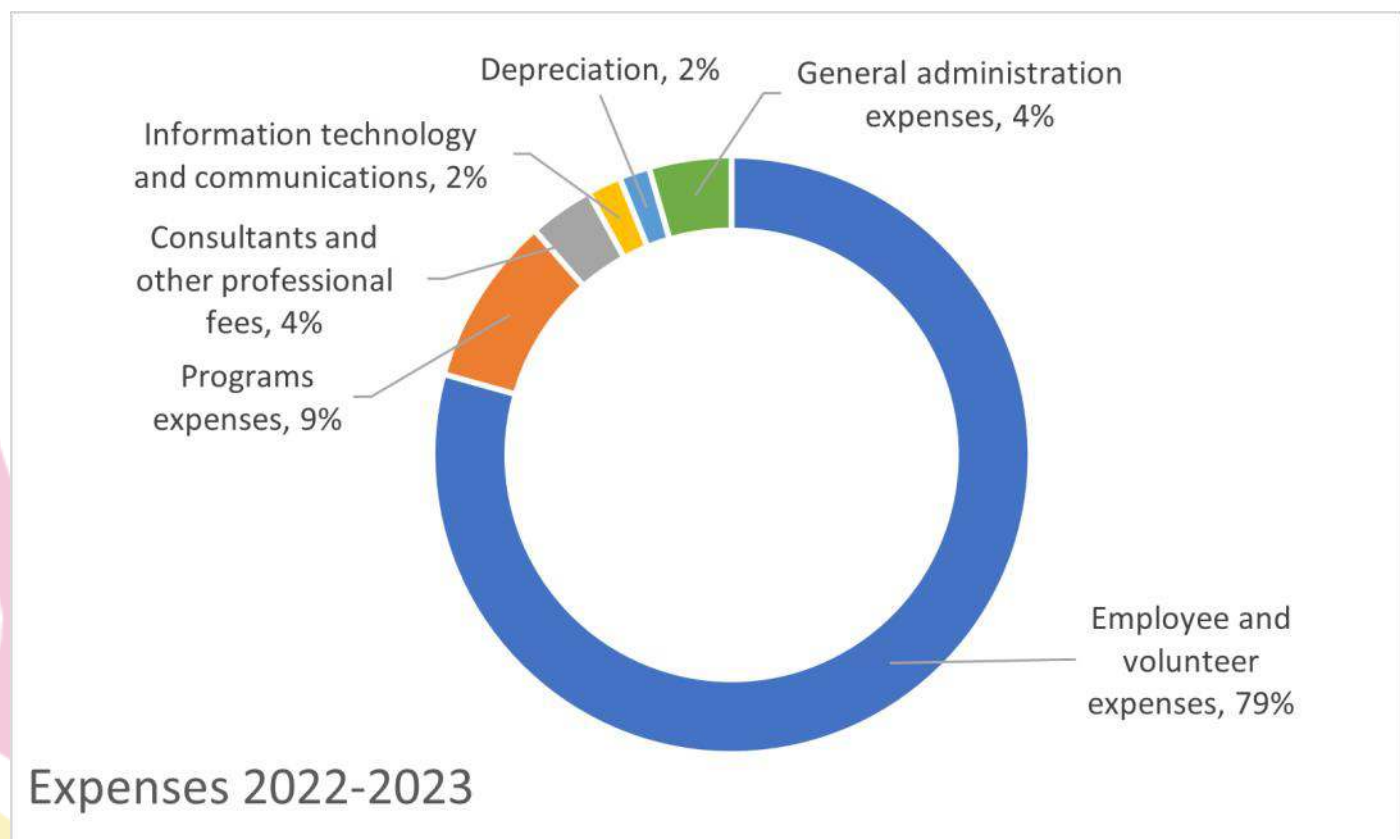

Mosaic multicultural Connections gratefully acknowledges funding and other support from:

- **The Benevolent Society** through the Communities for Children program, supporting Playing Around the World
- **Cancer Institute** supporting the Refugee Cancer Screening Partnership Project
